

Employee Handbook 2026

Sao Mai Technology JSC · People & Culture · Effective 1 January 2026

This handbook sets out the working conditions, leave entitlements and benefits that apply to all Sao Mai Technology employees in Vietnam. Where a term is more generous than Vietnamese labour law requires, the more generous term applies. This document is the authoritative source for the policies it covers.

1. Offices and working hours

Head office	Phu My Hung, District 7, Ho Chi Minh City
Branch offices	Cau Giay District, Hanoi · Hai Chau District, Da Nang
Core hours	08:30 to 17:30, Monday to Friday, with lunch from 12:00 to 13:00
Motorbike parking	Provided free at the District 7 office. The Hanoi office has no parking; staff there receive a transport allowance of 600,000 VND per month instead.

2. Hybrid working

- Employees may work remotely up to **3 days per week**.
- **Tuesday and Wednesday are anchor days.** All employees are expected on site on anchor days regardless of their remote allocation.
- The last Friday of every month is **Green Friday**, a company-wide non-working day. Green Friday is fully paid and is **not** deducted from annual leave.
- Remote work from outside Vietnam requires written approval from the department head and is limited to **15 calendar days** per year.

3. Annual leave

Base entitlement	18 working days per calendar year. Vietnamese labour law sets a minimum of 12 days; Sao Mai grants 18.
Long service	One additional day for each completed year of service, to a maximum of 24 days.
Carry-over	A maximum of 5 unused days may be carried into the following year and must be taken by 31 March, after which they lapse.
Notice	Leave of 3 days or more requires 14 days notice. Leave of 5 days or more also requires department head approval.
Unused leave on exit	Paid out at the basic daily rate, capped at 10 days.

Worked example. An employee who joined in January 2023 has completed three years of service by January 2026. Their entitlement is 18 base days plus 3 long-service days, which is **21 days** for 2026. The cap of 24 days is not yet reached.

4. Tet and public holidays

- The company observes all Vietnamese public holidays, including Hung Kings' Commemoration Day, Reunification Day on 30 April, International Labour Day on 1 May, and National Day on 2 September.
- For Tet Nguyen Dan the office closes for **9 consecutive days**. Of these, the statutory holidays are unpaid leave days under the law; Sao Mai adds **4 company days** which are paid and are

not deducted from annual leave.

- A skeleton on-call roster covers the Tet closure. See the Engineering Standards document for the on-call allowance.
- Employees who work on a public holiday receive **300%** of their normal daily rate, or time off in lieu at 1.5 times, at their choice.

5. Pay, review and bonuses

Pay date	The 25th of each month, or the preceding working day if the 25th falls on a weekend.
Salary review	Twice yearly, in March and September.
13th month salary	Paid with the January payroll. Pro-rated for employees with less than 12 months of service at 31 December.
Tet performance bonus	A multiplier of 0.5 to 1.5 times one month's basic salary, decided in December based on the annual performance review. This is separate from the 13th month salary.
Social insurance	Employer and employee contributions are made monthly in accordance with Vietnamese social insurance regulations.

6. Parental leave

- **Primary carer:** 6 months, as provided by Vietnamese law. Sao Mai adds a further **2 months at 50% of basic pay**, which may be taken consecutively or split within the first 18 months.
- **Secondary carer:** 10 working days of fully paid leave, to be taken within 60 days of the birth.
- **Return-to-work ramp:** for the first **8 weeks** after returning, the employee works **80% of normal hours on 100% of pay**.
- Employees on parental leave keep their laptop, email access and eligibility for the Tet bonus.

7. Probation, transfers and referrals

Probation	60 days for engineering roles. 30 days for business support roles.
Internal transfer	Employees become eligible to apply for an internal transfer after 12 months in their current role.
Referral bonus	15,000,000 VND for a successful referral. Paid 50% on the new joiner's start date and 50% after they complete 6 months of service.
Notice period	30 days during probation. 45 days after confirmation.

Questions about anything in this handbook should go to the People & Culture team. This document is reviewed annually and was last updated on 1 January 2026.
