

Travel and Expense Policy v4.2

Sao Mai Technology JSC · Finance Department · Effective 1 February 2026

This policy governs all business travel and expense claims for Sao Mai Technology employees, domestic and international. It replaces version 4.1. Any expense not covered here requires written approval from the Finance Director before it is incurred.

1. Air travel

- All domestic and regional flights are **economy class only**.
- **Business class is permitted only on flights with a scheduled duration over 6 hours**. This is measured on the longest single leg, not on total journey time.
- Flights must be booked at least **7 days in advance**. Bookings made inside 7 days require Finance Director approval and a written reason.
- Employees may keep personal airline loyalty points earned on business travel.
- Seat selection and one item of checked baggage are reimbursable. Flight upgrades, lounge access and travel insurance purchased separately are not.

2. Accommodation

Hotel costs are capped per night, excluding VAT and service charges. The cap depends on the destination:

Ho Chi Minh City and Hanoi	1,800,000 VND per night
Da Nang and Nha Trang	1,400,000 VND per night
All other domestic locations	1,100,000 VND per night
International	USD 140 per night

Where a client or conference organiser has negotiated a room rate above the cap, the organiser's rate may be used provided the booking confirmation is attached to the claim.

3. Daily allowance

Domestic	450,000 VND per day
International	USD 65 per day
Part days	Half the daily rate applies where travel is under 6 hours in total.
What it covers	Meals and incidental costs. Individual meal receipts are not required and meals cannot be claimed separately in addition to the allowance.

4. Ground transport

- Grab and metered taxi fares are reimbursed **in full** with a receipt.
- Use of a **personal motorbike** is reimbursed at **3,500 VND per kilometre**.
- Use of a **personal car** is reimbursed at **8,000 VND per kilometre**.
- Airport transfers are reimbursed in full. Parking and tolls are reimbursed with a receipt.
- Traffic fines, and any penalty arising from the employee's own conduct, are never reimbursed.

5. Receipts and claim deadlines

VAT invoice required	A valid VAT invoice is required for any single item above 200,000 VND. Below that threshold an ordinary receipt is sufficient.
Invoice details	VAT invoices must be issued to Sao Mai Technology JSC with the company tax code. An invoice issued to an individual cannot be reimbursed.
Claim deadline	Claims must be submitted within 30 days of returning from the trip.
Late claims	Claims submitted after 45 days require written Finance Director approval and may be refused.
Payment	Approved claims are paid with the next monthly payroll run.

Worked example. An employee returns from a trip on 1 March and submits the claim on 20 April, which is 50 days later. This is past the 45-day line, so the claim requires **Finance Director approval** and may be refused.

6. Approval thresholds

Under 10,000,000 VND	Line manager
10,000,000 to 50,000,000 VND	Finance Director
Above 50,000,000 VND	Chief Financial Officer

Thresholds apply to the total value of a single trip or claim, not to individual line items. Splitting a trip into several claims to stay below a threshold is a disciplinary matter.

7. Client entertainment and gifts

- Client entertainment is capped at **1,500,000 VND per head** and requires **pre-approval** from the department head. The names and companies of all attendees must be recorded on the claim.
- **Tet gifts** to clients are capped at **2,000,000 VND per client** and must be recorded in the gift register maintained by Finance.
- Gifts of cash, gift cards or vouchers to a client or public official are prohibited without exception.

8. Not reimbursable

- Traffic fines, parking fines and late-return charges on hire vehicles.
- Minibar, in-room entertainment and spa charges.
- Personal laundry on trips of fewer than 3 nights.
- Costs for a spouse, partner or family member accompanying the employee.
- Flight or hotel upgrades beyond the caps in sections 1 and 2.

Questions about this policy should go to the Finance Department. Policy owner: Finance Director. Next scheduled review: February 2027.
